

Ductwork Layout for Avani Collector

Plan View

20" Hole cut in wall,
Breslin Contracting
Mike Parodi 302-322-0320

- Notes:
- A) All drops to the welding booths are 6" diameter
 - B) Avani will spot hole in wall but other will cut the hole.
 - C) Dust Collector motor is 208 volt 3phase 15 Hp
 - D) Run ductwork over the booths, support from the wall brackets for the arms.

Note: The booth width for this one was cut down by 2".
