

There are six 6" diameter drops. The new ductwork will connect to the existing 6" diameter flex duct. Three drops already have hoods on them. Avani will provide three hoods (12" diameter to 6" dia.) and connect to the end of the flex. Each drop will have a butterfly damper for air flow adjustment.

53'

Angle flange adaptor in a 22" 90 deg elbow.

14"/14" Branch in the vertical position.
